

# **PETS WITHOUT PARENTS**

## **DECEMBER'S FEATURED VOLUNTEER**

### **THE COPE FAMILY**

#### **(Kim, Larry & David)**

**What we like best about volunteering at PWP:** #1 is helping the animals; #2 it's a good way for the 3 of us to spend some time together as we all like animals; and #3 we meet new people and new animals and hopefully brighten an animal's day.

**Our pets at home:** Raymond is our shelter dog and we have fish and a turtle too.

**What I'd like you to know about us:** Kim is a stay at home mom and a parent group president at David's school. Larry has been a general manager at Rally's for 9 years. David is 17 years old and attends West Central School.

**Where you can find us when we're not at PWP:** Kim and David would be at home or at school working on a project. Larry will be at Rally's.

**Do Dogs or Cats Rule?:** The best way to answer this is cats are nice but we'd always pick a dog first.

**What's your advice to someone wanting to adopt a pet for the 1st time:** Always think about the animal first. Is my home the best home for this animal? Do I have time for the animal? Am I willing to make a commitment to this animal for its entire life? Do I have the money to care for the animal? Only after answering yes to these questions should you then sign your name on the dotted line.

**What would you do if money were no object:** Live in an RV so we could travel.
