

PETS WITHOUT PARENTS

JUNE'S FEATURED VOLUNTEERS

MOLLY & NOELLE DENNISON

What we like best about volunteering at PWP: Molly (mom) – LAYLA! And the feeling that I have when I leave knowing I helped people and of course the animals. Noelle (daughter) – I like to play with the dogs and cats and going back to find they aren't there anymore because they found a home and rubbing Layla's feet :)

Our pets at home: Zebadiah a 3 ½ year old doberman/lab mix, Brutus a 2 ½ year old bull mastiff/American bulldog mix, Shakespeare a 5 year old English mini lop rabbit and a hermit crab named Skittle.

What I'd like you to know about us: Molly: I am a "professional volunteer". I am the VP of PTA at an elementary school 2 of my kids attend; I am on the aquatics board for parks and recreation in the City of Gahanna and my favorite is being a volunteer at PWP. If someone asked me what my passion in life was, without a thought I would say DOGS!!! BIG dogs are my favorite. Noelle: I am 10 years old and no matter what I do in life it will somehow help animals.

Where you can find us when we're not volunteering at PWP: Molly: At the elementary school that my youngest 2 children attend; doing volunteer work or walking my dogs around the neighborhood. I am also at Krogers a lot because I have a teenager and a preteen. Noelle: At home doing arts and crafts or playing w/my dogs, or at school (the pool during the summer). I had a fundraiser at my school and got my mom involved in PWP.

Dogs Rule or Cats Rule: Molly: I enjoy cats but dogs are my passion in life above all...DOGS RULE!!!! Noelle: Dogs, but I like cats too!

What's your advice to someone wanting to adopt a pet for the first time: It takes hard work, dedication, patience and lots of love. The payback is better than anything. Never give up and don't be afraid to ask for help. It truly is the only unconditional love you receive other than from GOD and maybe your parents.

What is your favorite breed of dog? Molly: GREAT DANES, although I've never had one, I plan to rescue one some day. I already have a name picked out for him and I want him to be trained as a therapy dogs and take him to children's hospitals. Noelle: Pugs, English bull dogs and all types of mastiffs.
